Welcome!

This April, residents from over than 4,000 cities across the United States will take part in the 2019 National Mayor's Challenge for Water Conservation. This annual challenge takes place every April and promotes conservation by having residents pledge to save water over the next year. The annual month-long campaign promotes drought resiliency and water quality, with mayors from numerous states vying to see whose city could be the nation's most "water wise."

The Challenge, supported by a variety of environmental stewards, such as the Wyland Foundation, the United States Environmental Protection Agency, and the National League of Cities, addresses the growing importance of educating consumers about the many ways they use water. Be sure to follow us on Facebook (facebook.com/CityOfMoorpark) or Twitter (twitter.com/CityOfMoorpark) to learn how you can take the pledge to save water and participate in the National Mayor's Challenge for Water Conservation - April 2019.

Often times we find the best in humanity through tragic events. We were so fortunate in Moorpark to have been spared from the devastation caused by the Hill and Woolsey Fires. Our hearts go out to those that endured losses of property and memories during these tragic events.

Although we were not in the direct course of the fires, those events remind us that building a safe community through commitment to emergency preparedness should always be in the forefront of our minds. The City of Moorpark is dedicated to a safe and friendly environment for families and businesses, and committed to emergency preparedness and safety for residents.

If you don't have a personal emergency plan, make a plan today. Your family may not be together when a disaster strikes, so it is important to know where to go to reconnect with family members who may be dispersed. Just as important, think about what you may need if you find yourself isolated for extended periods of time. Having a plan can help ease some of the anxiety that occurs during natural disasters.

As you prepare your plan, tailor your plans and supplies to your specific daily living needs and responsibilities. Discuss your needs and responsibilities and how people in your network can assist each other with communication, care of children, business, pets, or specific needs like the operation of durable medical equipment. Create your own personal network for specific areas where you can find assistance with personal tasks if needed. It's always a good idea to share and practice your plan with your family members so they're aware of what to do in an emergency as well.

Being water wise and always being prepared are among the reasons that *Life Can Be this Good in Moorpark!*

ANTICOAGULANT RODENTICIDES: DANGERS TO PETS, WILDLIFE

Moorpark is an urban/wildlife interface area. That means that we can see the hawks and owls every day and listen to the howls of coyotes every night. Unfortunately, we can also watch rodents from the open space that surrounds Moorpark getting into our yards and, sometimes, even into our homes. It is tempting to use poisons in these instances, but you should be aware of the harmful effects that these products have on wildlife and your family pets.

Anticoagulant rodenticides kill rodents by prohibiting blood from clotting, slowly causing an animal that consumes them to slowly bleed to death. Because they take a fairly long time to work, rodents will revisit poison bait stations repeatedly and then have a very large amount of the anticoagulant rodenticide in its body when it dies. When these animals die, they are consumed by both neighborhood pets and scavenging wildlife like bobcats, mountain lions, and owls. These pets and wild animals can then become poisoned and also slowly bleed to death.

The U.S. National Park Service recently tested bobcats, coyotes, and mountain lions in the Santa Monica Mountains National Recreation Area and found anticoagulant rodenticides in:

- 92 % of bobcats
- 83% of coyotes (second-leading cause of death)
- 94% of mountain lions

The poisoning of these natural predators reduces their populations, which then - ironically - leads to increased rodent populations and more mice, rats, and other rodents encroaching into Moorpark's neighborhoods.

The National Park Service recommended many alternatives to anticoagulant rodenticides, including:

- Clean up your yard - do not leave any pet food, open trash cans, and open BBQs in your yard
- Seal up your home - seal up holes and cracks into your house, attic, and garage
- Use traps and repellents - snap traps, electric traps, or ultrasonic repellents
- Owl boxes - Put up an owl box to encourage a natural predator to eat the rodents
- Hire a pest control company that practices Integrated Pest Management

To do its part and lead by example, the City stopped using anticoagulant rodenticides in its operations - that includes your parks, landscaping, and open space - in 2013.

2020 CENSUS: WE NEED YOUR HELP!

The City of Moorpark is looking for enthusiastic community leaders to be part of the Complete Count Committee (CCC) for the 2020 Census. The Complete Count Committee is a voluntary committee established by local government and community leaders to increase awareness about the Census, and motivate residents in the community to respond to the 2020 Census questionnaire form. Want to spread the word and make a difference? **Join the Moorpark CCC!**

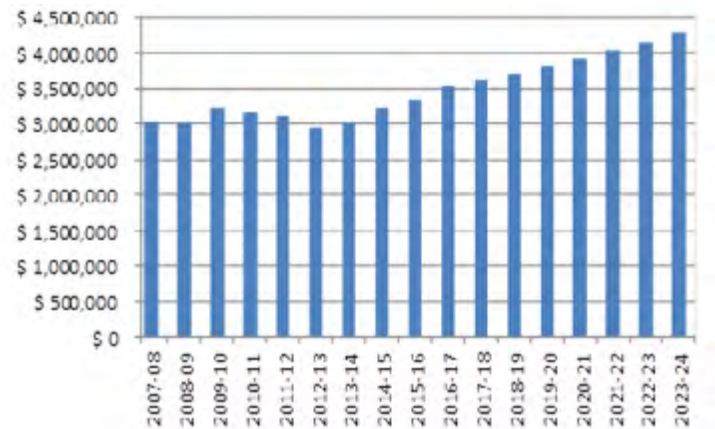

Since 1790, the Census has been a traditional and constitutional right in the United States. Every person matters, and an accurate and complete count is critical for informing policy makers, assigning Congressional seats, designing district lines, and distributing nearly \$700 billion in federal funding each year for healthcare, education, development, transportation, housing, civil rights enforcement, and much more.

Participants need to be 18 or over and be a Moorpark resident. Spanish speakers are also welcome. For more information, please contact Freddy A. Carrillo at (805) 517-6442, or by E-mail at fcarrillo@moorparkca.gov by March 8.

The goal of the 2020 Census is to count everyone once, only once, and in the right place. And, don't forget, **Census Day is April 1, 2020!**

BUDGET UPDATE: PROPERTY TAXES

The City's property tax growth has been strong and exceeds pre-recession levels, with the City expecting to receive approximately \$9,700,000 in General Fund revenues this fiscal year. For reference, the City will spend approximately \$7,800,000 on just police services this year. The City expects steady growth in revenues and has projected a 2% increase in property taxes from the prior fiscal year, an amount which is capped by Proposition 13. Growth in property tax is limited due to prior state legislation; therefore the City can predict growth in this area with relative accuracy. Under Proposition 13, passed by California voters in 1978, the assessed value of a property cannot increase by more than 2% unless the property is sold.

CLEAN POWER ALLIANCE BRINGS CHOICE

Beginning in February for Moorpark residents and beginning in May for Moorpark businesses, the Clean Power Alliance comes to Moorpark. While Southern California Edison (SCE) will continue providing the billing services to all customers, the Clean Power Alliance will provide the electricity that SCE delivers to Moorpark.

Customers of the Clean Power Alliance can choose between three tiers of rates:

- Lean Power (36% renewable energy, slightly cheaper than SCE rates)
- Clean Power (50% renewable energy, nearly the same as SCE rates)
- Green Power (100% renewable energy, slightly more expensive than SCE rates)

If you do not specify a tier, Moorpark residents and businesses will default to the Clean Power option, with nearly identical rates to those offered by Southern California Edison, but with more electricity created with renewable resources.

You may make your selection on the Clean Power Alliance's website at www.cleanpoweralliance.org, or by calling the Clean Power Alliance Customer Service staff at (888) 585-3788. If you have your recent SCE bills handy, the website and customer service both offer options to see what your electricity bills would be at each of the three tiers. Moorpark residents and businesses may also choose to continue purchasing their electricity from SCE by calling (888) 585-3788.

For more information about the Clean Power Alliance in Moorpark, or to view the video of a Public Informational Workshop hosted by the City on January 24, please visit www.moorparkca.gov/CleanPowerAlliance.

WORKING TO HELP YOU! EMPLOYEE PROFILE - GILBERT LOZANO

JOB TITLE: Recreation Coordinator I
JOINED THE CITY: September 2003

RESPONSIBILITIES: I coordinate classes, events, activities, volunteers, and fundraisers for the Moorpark Active Adult Center (55+). Our fundraisers help reduce the costs of activities at the Active Adult Center, so a lot of them are free or offered for just \$1. Some people mistakenly think we're just a place where people play cards all day, but there's a reason we are called the Active Adult Center. We've got yoga, tai chi, strength training, dancing, and a new pickleball class that's really getting popular. Our Senior Games are really active, too, especially with our table tennis tournament! We can also help seniors find housing, health care, home care, and other social services. I guess you could say we put both the "social" and "services" in social services.

BEST PART OF THE JOB: I get to serve the community I grew up in, and I'm always bumping into somebody's mom, grandma, friend, or relative that I knew. One of our senior volunteers used to be my yard duty supervisor when I was in school here in Moorpark, and now I get to work with him at the Active Adult Center and be a part of his life again. The Active Adult Center is also really special to me because the people here share a lot of their wisdom and knowledge that I can implement into my own life.

RECENT PROJECTS: We just finished up our holiday showcase, where our tap dancing, our music group, and line dancing group performed for a hundred guests. Right now, we're planning our pre-Valentine's Day luncheon for February 13, our St. Patrick's Day Luncheon for March 15, and our huge Bingo Bash fundraiser for April 13!

Moorpark's #1 Summer Camp Martial Arts Program

Serving all of Moorpark Simi Valley & Santa Rosa

For **Children from 5-Years-and-Up**, We keep your child more focused, and task oriented than other camps – We are Martial Artists, it's part of the programs we teach every day. Martial Artists have a **Positive Code of Conduct and Value System** that pervades everything we do. We share this with your child through example, helping them to adopt a positive attitude and positive values. We hope to have a **Positive Influence** on your child that will last long after camp is over. Part of the tradition in teaching martial arts is to take advantage of **Teachable Moments**, whenever you can, to make lasting impressions.

Refunds/credits will be pro-rated, and any costs incurred by the City or instructor will be deducted from refunds/credits. Credits will be applied to your account at Arroyo Vista and are good through the fiscal year. Refunds will be issued by check for check or cash payment and back to the credit card account for credit card payment. In addition to deductions stated above, a \$10 processing fee per activity per participant is deducted from all refunds.

Cancellations: Full refunds or credits will be issued for classes canceled by the City.

Inclement Weather: Outdoor classes will not be held during rainy conditions. Make-up class dates will be scheduled for rain outs.

Class Registration opens 2-11-19

Please register in advance! Classes may fill, or may cancel if the minimum enrollment is not met prior to the start date.

IT'S EASY TO SIGN UP!

IN PERSON: Walk-in registrations are accepted at the Arroyo Vista Recreation Center from 8:30 a.m. to 6:00 p.m., Monday through Friday. The office is closed on holidays.

BY MAIL: Complete the registration form below. Make a check payable to City of Moorpark for the total amount due. If paying by credit card, include credit card number and expiration date, and sign where indicated. Mail registration form and payment to: City of Moorpark, Attn: Recreation Registration, 799 Moorpark Avenue, Moorpark, CA 93021

BY PHONE: Call us at (805) 517-6300. Registrations are accepted during office hours. Have your registration information and Visa or Mastercard ready. Do not leave your credit card number on the voice mail system.

ONLINE: Go to www.MoorparkCa.gov/recreg. Search for activities by code or select from the list. You can then register and pay by credit card. Don't forget to print your enrollment receipt. *Some programs may not be available for on-line registration. If the program you want is not listed for on-line registration, call us at (805) 517-6300 for information or to register by phone.*
